*denotes supplementary information

***spoke to Callington Town Council – they use two cameras on site, batteries require changing monthly, records onto a card but can save onto a cloud. They use a Reolink Go* https://reolink.com/product/reolink-go-plus/ *which has night and day mode and they can view it live (remotely) if need be – they have found it to be reliable. Some allotment holders didn't seem keen at the last meeting.*
